Notes

- **Mod 1:** 5 additional minutes for temperature checks and announcements
- **Mod 18:** 3 Additional minutes for gradual release of students to buses. See below.
- Non “lunch” classes will be 38 minutes
- Lunch classes will be 40 minutes
- ***Major*** transition times (between two mod classes) will be 6 minutes with transitional gradual release model to help eliminate congestion in the hallways and decrease traffic flow in hallways. (A, B)
- ***Minor*** mod changes (lunch mods, 3 mod classes, ISG) will be 4 minutes long with no gradual release model due to a small number of students transitioning to another class.
- Lunch mods will be 18 minutes (This is doable as there will be fewer students in each “eating location”). For reference a typical lunch mod is 19 minutes.
- Other mods will be 17 minutes (Other than mod 1: 22 minutes).

***Students will be permitted to use their locker before and after school ONLY.**

Gradual Release at the end of the day:

2:12 - Team A

2:15 - Team B
